Effective dates for claims submission and prior authorization changes as a result of HIPAA for disposable medical supplies

This *Wisconsin Medicaid and BadgerCare Update* provides specific effective dates for the changes that will be implemented by Wisconsin Medicaid as a result of the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) for disposable medical supplies (DMS).

This *Update* gives implementation dates for all DMS providers, whether they exchange information with Wisconsin Medicaid on paper or electronically.

This *Wisconsin Medicaid and BadgerCare Update* provides specific effective dates for the changes that will be implemented by Wisconsin Medicaid as a result of the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) for disposable medical supplies (DMS). These dates apply to claims submission and prior authorization changes described in the August 2003 *Update* (2003-51), titled “Changes to local codes, paper claims, and prior authorization for disposable medical supplies as a result of HIPAA.” This *Update* makes frequent reference to *Update* 2003-51; providers are encouraged to read this *Update* alongside *Update* 2003-51.

This *Update* gives implementation dates for all DMS providers, whether they exchange information with Wisconsin Medicaid on paper or electronically. Failure to follow the effective dates that are provided in this *Update* may result in claim denials and returned or denied requests for prior authorization.

Attention: Advice for providers

Wisconsin Medicaid recognizes that this is a difficult time for providers with the nationwide implementation of HIPAA in October 2003. Providers are cautioned to pay close attention to the deadlines and requirements outlined in this *Update*, which are necessary to assure a smooth transition to the HIPAA standards. Providers should allow additional time to adjust to the new billing requirements and systems changes. Providers may experience a temporary delay in the payment of claims due to increased billing errors and system changes near the federal compliance date of October 16, 2003, as Wisconsin Medicaid, other payers, and providers implement the HIPAA requirements and billing standards.

Providers should note the way the various changes will be implemented. Changes as a result of HIPAA will be implemented based on:

- **Date of service.** For changes implemented based on the date of service, the important question to ask is: “**When was the service performed?**”
- **Date of receipt by Wisconsin Medicaid.** For changes implemented based on the date of receipt, the important question to ask is: “**When will this claim or request for prior authorization be received by Wisconsin Medicaid?**” Providers should allow enough time for mail delivery when meeting the deadlines identified in this publication.

Effective dates for national codes that will replace Wisconsin Medicaid local codes, revised claim instructions, and revised prior authorization (PA) forms and instructions are addressed separately in this *Update*. Codes, claims, and prior authorizations have different implementation procedures.

Medical and nonmedical codes

Codes fit into two categories, medical codes and nonmedical codes. Medical codes describe specific health care conditions and services while nonmedical codes describe general administrative situations.

Medical and nonmedical codes are implemented based on **dates of service** or **date of receipt**, respectively, as required by federal HIPAA regulations.

Medical codes

Changes to medical codes, as indicated in *Update* 2003-51, will be effective for **dates of service** on and after October 1, 2003. National medical codes used by Wisconsin Medicaid include national procedure codes and modifiers

that replace Wisconsin Medicaid local procedure codes (refer to Attachment 1 of *Update* 2003-51).

Pre-HIPAA medical codes include procedure codes and modifiers. Pre-HIPAA medical codes may include local Wisconsin Medicaid codes and national codes.

Nonmedical codes

Changes to nonmedical codes, as indicated in *Update* 2003-51, will be implemented based on the **date of receipt**. For nonmedical codes received on paper claims and paper requests for prior authorization, the changes will be effective on and after October 1, 2003. For nonmedical codes received on electronic claims, the changes will be effective on and after October 13, 2003. National nonmedical codes used by Wisconsin Medicaid include:

- Allowable nationally recognized two-digit place of service (POS) codes (refer to Attachment 2 of *Update* 2003-51).
- Type of service (TOS) codes will no longer be required on Medicaid claims and PA forms because they are not national codes.

Pre-HIPAA nonmedical codes include TOS codes and one-digit Wisconsin Medicaid POS codes.

Claims submission

Different implementation dates will be used for electronic and paper claims. A calendar of HIPAA implementation dates for electronic and paper claims is included in Attachment 1 of this *Update*.

Medical codes describe specific health care conditions and services while nonmedical codes describe general administrative situations.

Electronic claims submission

For electronic claims received by Wisconsin Medicaid on and after October 13, 2003, providers must use:

- The 837 Health Care Claim: Professional transaction, commonly known as the 837P (refer to the Medicaid Web site at www.dhfs.state.wi.us/medicaid/ for the 837P companion document).
- National nonmedical codes.
- Pre-HIPAA medical codes for dates of service before October 1, 2003.
- National medical codes for dates of service on and after October 1, 2003.
- A newborn's Medicaid identification number, instead of the mother's identification number. (Refer to the June 2003 *Update* [2003-29], titled "Wisconsin Medicaid no longer reimburses claims for newborns under the mother's identification number.")

Note: For electronic claims received by Wisconsin Medicaid between October 1, 2003, and October 10, 2003, providers must use pre-HIPAA claims submission software, pre-HIPAA nonmedical codes, and medical codes as appropriate to the date of service.

Note: For electronic claims received by Wisconsin Medicaid between October 1, 2003, and October 10, 2003, providers must use pre-HIPAA claims submission software, pre-HIPAA nonmedical codes, and medical codes as appropriate to the date of service. Wisconsin Medicaid will not accept electronic claims on October 11 and 12, 2003.

Paper claims submission

For paper claims received by Wisconsin Medicaid on and after October 1, 2003, providers must use:

- HIPAA CMS 1500 claim instructions (refer to Attachment 3 of *Update* 2003-51).
- National nonmedical codes.
- Pre-HIPAA medical codes for dates of service before October 1, 2003.

- National medical codes for dates of service on and after October 1, 2003.
- A newborn's Medicaid identification number, instead of the mother's identification number (refer to *Update* 2003-29).

Refer to Attachment 3 of this *Update* for claims submission examples for DMS.

Electronic claim adjustments

For electronic claim adjustments received on and after October 13, 2003, providers must use:

- The electronic 837P adjustment (refer to the Medicaid Web site at www.dhfs.state.wi.us/medicaid/ for the 837P companion document).
- National nonmedical codes.
- Pre-HIPAA medical codes for dates of service before October 1, 2003.
- National medical codes for dates of service on and after October 1, 2003.

Paper claim adjustments

For paper claim adjustments received on and after October 1, 2003, providers must use:

- The Adjustment/Reconsideration Request form and completion instructions; the use of this form is voluntary. Providers may develop their own form as long as it includes all the information on this form and is formatted exactly like this form. (Refer to the June 2003 *Update* [2003-31], titled "Changes to the Wisconsin Medicaid Adjustment Request form and instructions," for more information about paper claim adjustments.)
- National nonmedical codes.
- Pre-HIPAA medical codes for dates of service before October 1, 2003.
- National medical codes for dates of service on and after October 1, 2003.

Refer to Attachment 4 of this *Update* for examples of claim adjustment requests.

Prior authorization

Refer to Attachment 2 of this *Update* for a calendar of HIPAA implementation dates for prior authorization. As indicated on the calendar, the fax deadline for receiving requests for prior authorization using the pre-HIPAA PA forms is 11:59 p.m. on September 30, 2003.

New requests for prior authorization

For new requests for prior authorization received by Wisconsin Medicaid on and after October 1, 2003, (with future dates of service) providers must use:

- The revised PA forms and instructions (refer to Attachments 5-9 of *Update* 2003-51).
- National nonmedical codes.
- National medical codes.

Refer to Attachment 5 of this *Update* for examples of new requests for prior authorization.

Approved and modified prior authorizations currently in effect

For approved and modified prior authorizations currently in effect with *grant dates before* October 1, 2003, and *expiration dates on and after* October 1, 2003, Wisconsin Medicaid will identify and convert all local procedure codes and modifiers. The pre-HIPAA procedure codes and modifiers will remain effective for dates of service before October 1, 2003; however, the converted procedure codes and modifiers will be effective for dates of service on and after October 1, 2003. Prior authorized quantities as approved on the original Prior Authorization Request Form (PA/RF) are not to be exceeded.

The procedure code and modifier conversion will result in an increase of details on the PA/RF. If this conversion results in more than 12 details, Wisconsin Medicaid will assign a new PA/RF with a new PA number for the converted codes. When this occurs, Wisconsin Medicaid will notify the provider by mail of the new PA number(s) assigned for the converted codes. If a provider has not received notification by October 17, 2003, the conversion did not result in more than 12 details.

Because the procedure codes and modifiers will be converted on these requests for prior authorization, providers must submit claims using the national codes that replace the Wisconsin Medicaid local codes for dates of service on and after October 1, 2003. For claims related to prior authorization with dates of service before October 1, 2003, providers must use the procedure codes and modifiers approved prior to HIPAA implementation.

Requests for prior authorization with backdating

For requests for prior authorization with backdating received by Wisconsin Medicaid on and after October 1, 2003, providers must use:

- The revised PA forms and instructions (refer to Attachments 5-9 of *Update* 2003-51).
- National nonmedical codes.
- Pre-HIPAA medical codes for dates of service before October 1, 2003.
- National medical codes for dates of service on and after October 1, 2003.

Note: If the dates of service span a time period before and after October 1, 2003, providers must indicate both pre-HIPAA medical codes and national medical codes on the PA/RF. Wisconsin Medicaid accepts PA/RFs with a maximum of 12 details per PA number. The PA/RF has space for five items. If a provider's

request for prior authorization requires more than five items to be listed, the provider may continue the request on a second and third PA/RF. When submitting a request with multiple pages, indicate the page number and total number of pages for the PA/RF in the upper right hand corner (e.g., “page 1 of 2” and “page 2 of 2”). On the form(s) used for page 2 and, if appropriate, page 3, cross out the seven-digit PA number and write the PA number from the first PA/RF.

Refer to Attachment 6 of this *Update* for examples of requests for prior authorization with backdating.

A calendar that reflects the various implementation dates for electronic transactions is provided in Attachment 1 of this *Update*.

Requests for prior authorization currently in process

Requests for prior authorization that are received before October 1, 2003, but returned by Wisconsin Medicaid to the provider for more information will not be converted by Wisconsin Medicaid. For returned requests that are received by Wisconsin Medicaid on and after October 1, 2003, providers must use:

- The revised PA/RF and instructions. Providers will not be required to submit new PA attachments; however, the pre-HIPAA PA/RF and the pre-HIPAA PA attachments must accompany the new PA/RF. (Refer to Attachment 5 of *Update* 2003-51 for the revised PA/RF instructions.)
- National nonmedical codes.
- Pre-HIPAA medical codes for dates of service before October 1, 2003.
- National medical codes for dates of service on and after October 1, 2003.

Note: If the dates of service span a time period before and after October 1, 2003, providers must indicate both pre-HIPAA medical codes and national medical codes on the PA/RF. Wisconsin Medicaid accepts PA/RFs with a

maximum of 12 details per PA number. The PA/RF has space for five items. If a provider’s request for prior authorization requires more than five items to be listed, the provider may continue the request on a second and third PA/RF. When submitting a request with multiple pages, indicate the page number and total number of pages for the PA/RF in the upper right hand corner (e.g., “page 1 of 2” and “page 2 of 2”). On the form(s) used for page 2 and, if appropriate, page 3, cross out the seven-digit PA number and write the PA number from the first PA/RF.

Prior authorization amendments

For prior authorization amendments received by Wisconsin Medicaid on and after October 1, 2003, providers must use:

- National nonmedical codes.
- Pre-HIPAA medical codes for dates of service before October 1, 2003.
- National medical codes for dates of service on and after October 1, 2003.

Note: If the dates of service span a time period before and after October 1, 2003, providers must indicate both pre-HIPAA medical codes and national medical codes on the PA forms.
